

**Albert Freud**

August 6, 2019 ·

So I was asked to do a better depiction / description of the tribes and the situation on the Annunaki home world and how it came to be on earth. I explained this before but there are several aspects I plan on tying into it in regards to the blood types.

As I explained before humanity is a race of it's own accord that is a genetic hybridization of Feline, Canine, Reptilian, Simian and Swine. When Ea created humanity he was tasked with how to create beings that were 'dumbed down' Gods, so to speak, by putting restrictions / encryption into the genetic code as well as remove a chromosome and edit several others. The original Neanderthals were Dog / Cat / Simian hybrids and could not speak. They were fairly intelligent but genetically deficient in speech. This led to regression and in realizing this Ea needed to 'upgrade' their genetic codes by mating with the Neanderthals he created thereby creating the Denisovan race who were human 2.0 and highly intelligent and capable of speech. This caused turmoil among the Annunaki because they now had a species with intelligence capable of self realization / thoughts / wills of their own.

After Marduk decided to marry one of the human females, the Igigi immediately plotted to invade earth and do the same. Shamgaz, Marduk's second in Command and leader of the Igigi / Seraphim decided to have his daughters marry Marduk's sons, and this created beings who were now hybrids of the three races we were derived from. Osiris / Set married two Igigi women and Horus was created out of revenge to kill Set aka Odin vs Loki.

This led to the war between the Satanic Igigi who followed Satan / Set / Saturn and the Igigi who still followed Horus / Marduk.

This war is still taking place and was historically known as the Atlantean / Titan War.

Let me explain several aspects of the blood now. There are actually two different A types, one originally belonging to the Pleiadian tribes known as the type one A+ and then there are a rarer A- two type A type that are derived from the Royal White Draco, of which many followed Marduk / Horus and were most common during the days of Atlantis, which is why I said there are White Dragons that fought with Borr/Marduk/Amun-Ra, Horus/Odin and Horon/Hercules/Thor during the Atlantean War and your blood types are likely the type two A type which is tied to the RH-.

Now there are three Os which explains why I stated Ea had to use two different Simian templates to create compatibility for both the Pleiadian and Sirian types which were A+ and B+. The third O type is derived from the O- Igigi and is a dragon / reptilian blood type by comparison to the two O+ Simian types which were Apes and Chimps. In order to genetically splice and have the reptilian / mammalian hybrids become stable they used swine DNA to alleviate the genetic incompatibility issues. Rhesus monkeys were actually failed attempts at creating humans made by Ea/Thoth. Most don't realize this but Tehuti / Thoth / Hermes was actually the master geneticist and in terms of intelligence was the greatest mind among the Annunaki people. Ninmah, Ea's half sister bore the first humanoid ever created on earth and none of us would be here without her.

There is only ONE B TYPE WHICH IS THE SIRIAN AND IS THE HIGHEST NATURAL VIBRATION ON EARTH AND BELONG THE AFROASIATIC B+ TYPE. INDIA IS 38% B+ AND HAS SOME OF THE BLACKEST PEOPLE ON EARTH. THERE IS NO SUCH THING AS 'AFRICAN' IF YOU ARE MELANATED, YOU ARE PART SIRIAN, REGARDLESS. That being said there are plenty of Sirian / Pleiadian and Sirian / Draco hybrids. Asiatics are often Pleiadian / Sirian hybrids which a bit of Draco due to Ghengis Khan being B-. Until people recognize these key differences we are going to continue to have problems.

The evil race on earth are the original Seraphim / Igigi who came down and found Lilith with Cain and created hybrids after finding out Cain was in exile for murder and Lilith told Adam to get bent and wanted nothing to do with him. There is a reason the Church removed her, because she didn't fit the typical submissive narrative that Loki demanded of his women. Read the Talmud's view on women and you will find out real quick, these beings

Grigori, the corrupted Nephilim, etc. These same blood lines are the exact same ones killing, raping, eating the children of their enemies to this very day, as verified through the Epstein case. These are the Satanic D2 / J1 Haplogroup Jews.

The reason the Igigi ended up in servitude of the Annanki in the first place was due to the Lyran Wars. The Alpha Draconians attacked the Lyran / Pleiadian millions of years ago, as well as the Sirians. The Draco conquer worlds, but ran into an issue when the Lyran / Vegan alliance defeated them in battle long before earth of humanity was ever thought of. This led to the formation of Emerald Council aka the Council of Five which is under the direction of the Arcturians who mediated the terms of the agreements. The Annunaki home world as a result consisted of these three races. The Lyrans/Pleadians were considered the leaders under Anu, whilst the Sirians acted as their council / wisemen, and the defeated Draco as a warrior caste primarily used for combat / wars / building under Marduk's command. There were Royal White Draco among their society that acted as their chief scientists and worked closely with the Sirian Council of Elders. Most do not know this, but the Draco, whilst yes, are conquerors / warriors, they are not butchers and will not kill needlessly because that in itself is irrational / illogical, something the Draco are not. These corrupted hybrids on earth are corrupted because they now possess the emotional states they never once possessed and now thrive and feed on energy, primarily negative due to this hybridization, and are not like their Alpha Draconian counterparts who find them as revolting as the humans do and just as pissed for them bringing dishonor to their race. The Draco are ruthless but still possess a honor and recognize and acknowledge any race capable of defeating them in combat. In terms of the heirachy, the Draco / Lyrans love/hate each other whilst the Sirians play peacekeepers and try and keep them from killing each other, because neither back down in a fight. This exact scenario is playing out on earth again. Hope this explains things I have not before.

 **Nick Panos** E1b1b, is found in the Northern Tip of Africa, it's a dark skinned haplogroup.. Ramesses III, was the first Pharaoh of the 19th Dynasty, the 18th Dynasty were all R1b Caucasian haplogroup.. E1b1b took over as Pharaoh's starting after the Sea People (Phoenician's) were expelled from Egypt by Ramesses III at the start of the 19th..
You're suggesting Charlemange and Trump, are E1b1b? Obama was E1b1b allegedly.. but Trump? Got a source for this? (Or anything else you post as fact?)

Ramesses III:

 **Albert Freud** You can literally trace their lines back to the Pharaohs of Egypt, and it has been done for years. If you want me to spend the next 15 minutes on Google reposting the information you can look up yourself, it's not likely going to happen, now or ever.
Like · Reply · 39w 6

 **Albert Freud** R1b / R1a is Marduk's blood lines, whilst the E1b1b1 are hybrids that came from his blood line mixing with the Igigi.
Like · Reply · 39w 3

 **Albert Freud** Horites, being half Igigi, became the Blood Elves, and were often Vampiric. Thor was half Igigi. <http://www.merrylinmuseum.com/the-child-pharaoh-menes>

E1b1b and R1b back to Egypt.. but there were Dynasties at War with one another.. R1b.. the caucasians rule ended with the 18th Dynasty.. then there were kicked out by E1b1b, ie. Ramesses III..

I asked how you got E1b1b for Trump.. as I didn't find any facts confirming that..

It's simple to go on wikipedia and look up a list of mummy dna results.. most of the time we only get YDNA, because their trying to hide the matrilineal descent.. mtDNA.. If you have proof that Trump and Charlemange were E1b1b, that's big and I'd like to see it..

Anyone can write a book, or suggest something speculatively.. but anyone that expects to be taken serious in this field needs to check their sources and back them up with evidence.. I do my own research, and I don't accept something until I've fact checked it..

Makes navigating your theories difficult to do when you don't list a source for each claim you make..

I'm trying to help you out here.. and test the solidity of your story..

perspective says a completely different set of events around it there..

Have you ever read Manetho's History of Egypt? Lot's of great information contained there, and I'm wholly convinced he's been slandered and discredited for telling the truth exactly as it was recorded.. but Josephus Flavius and his Roman captors would have benefited much from the story being told the way they spin it..

Things like this are found in Manetho's work: "But, instead of joining battle, 246 he decided that he must not fight against the gods, and made a hasty retreat to Memphis."

This refers to the Hyksos people ruled the 17th Dynasty, and had taken up residence in Jerusalem after expelled from Egypt by Tothmoses at the beginning of the 18th Dynasty..

Amenophis III (Amenhotep III) saw that 'the gods,' had joined Osarseph (Moses) and his army of quarry slaves, aka. the Jews.. As they were the peoples enslaved in Egypt at the time just before the Exodus.. So they were a separate people from those Hyksos who were inhabiting Jerusalem .. According to Manetho the historical record states that Amenophis III called the Hyksos 'the gods,' at that point and time..

Amenophis and his lineage were of the R1b Y-DNA.. this is the same for Akhenaten, Tutankhamen, and all Amenophis' and other leaders of the 18th Dynasty.. E1b1b is Ramesses III (Ramesses I & II were still of R1b descent)..

The R1b's of the Exodus ended up in Northern Spain (Basque region) and throughout Britannia.. Welsh and Hebrew have so many fundamental comparisons, expert linguistics have stated the chance of them being mere coincidence is impossible.. The languages share an origin.. Plus the Celtic myths all support this migration, and the genetic tests prove the ancestry..

I haven't traced the E1b1b's yet, and it's certainly deserving of a closer look, I had planned to give it one for some time.. I wanted to content myself with my knowledge of the R1b, as that is either Tribe of Dan, or a group of usurpers wanting to convince everyone they are the rightful Judges.. All evidence points to the contrary, because they do a terrible job at guiding and assisting humanity in their evolution, and I don't sense a shred of light, or even balance for that matter, within any of them.. They all appear to have lost their way, and are too stubborn to admit fault or accept responsibility, and all the world suffers because of it.. Not very Divine at all imo..

This is a great resource for exploring Manetho's History of Egypt, with excellent footnotes throughout.. This document helped me immensely, to wrap my head around the counter-perspective (and I suggest the far more accurate one) of the events that took place around this most critical time period in human history.. If we can figure out the truth of what took place there, then the reason behind the agenda and lies of history begin to fall into place, and the given story starts making sense where it otherwise fails to.. Gives greater clarity even on WWII, and nearly every significant historical event that has taken place the last 3,600 years:

Lwanda Usapho Lucwaba How does the narrative in the URANTIA fit into all of this because all these races are spoken of there but in a very subtle and glorified manner, I have learnt to understand it as the most credible source that explains the origins and evolution of our planet. Maybe the details were so concealed so as to have a gradual unfolding of this information which you are now fast forwarding. The 3 races you mention are there known as Andonites, Nodites and Adamites.

Anita Vanput Some Christians do only use the New Testament.Saying the only reason the Old Testament was included was basically because of unfulfilled prophecies.....Albert..what do you think about Urantia ? There is a lot people do not know ..Daddy broke a promise to me to send me to a school for Hebrew and Greek...I had forgotten.I have problems with these ways of thinking .I have no way of knowing with all certainty what an of it really means .Just bothersome things irk me to no end ...they do not add up ..Oh ..and that Yeshua came and fulfilled the prophecy and the Law of Moses no longer applied to Christians!And now ..there are so many books and even the ancient scripts...I wish I could debate with my father .Talk to him .But,I cannot .The thing about Adam and Eve and all the other pre flood people having become extinct.That by miracles God caused races to be born .Seems all too simplistic now .
